suni SOLVANT

Decolov M1 140g | Non-woven fireproof coated medium - M1 Certified

Features:

Decolov is a high quality synthetic non-woven fabric that receives a high quality treatment. It has been designed to be used with solvent, eco-solvent, mild-solvent, UV and latex inks. It is a novel material that looks and behaves like textile, an inspiration for light and luxurious decoration. Decolov is a M1 fireproof light-weight material. It is also tear-resistant and non-crease and may be used either indoors or outdoors. It may easily be sewed, welded or equipped with eyelets. It has very good acoustic properties, is 100% PVC free and environment friendly. Its textile-looking appearance makes it ideal for high-quality, creative, classy design.

Benefits:

- Fire resistant (M1 Certified)
- Feels as flexible as textile; creation inspiring and original
- Tear-resitant, hard to crease
- Instant drying
- No stretching out of shape
- PVC free and recyclable
- HP Latex Certified
- Universal printing : to be used with solvent, eco-solvent, mild-solvent, UV, and latex inks, and with both dye and pigment inkjet printers.

Certified for **HP Latex Inks**

Applications:

- Wallpaper
- POS advertising and information
- Large format banner, hanging poster
- Kakemono, roll up
- Poster in public spaces
